

SUSAN B. EIRICH, PH.D.

BRIEF BIO

Susan B. Eirich, Ph.D. is a licensed psychologist, biologist, practical visionary, and author. Her goal has always been to see through others' eyes as a way to enhance understanding between cultures, peoples and species. Founding Earthfire Institute Wildlife Sanctuary & Retreat Center in 2000, she pioneered Reconnection Ecology®, a unique approach toward global conservation and preservation based on her experiences living with rescued wild animals over their lifetimes.

Earthfire Institute is a sanctuary for rescued wildlife native to the Yellowstone to Yukon Wildlife Corridor. In *Whispers from the Wild*, Dr. Eirich vividly illuminates the incredible connection of these animals to each other and to the humans who care for them. Through inspirational storytelling, Susan shares her experiences with these animals, in play, in love, and through their passing. From a wolf who maneuvered her way into cabin-living to a developmentally delayed grizzly bear who deeply moved all who met him, these are the stories of the animals of Earthfire—a taste of the laughter, joy and love they brought, and the insights they offered.

"Every story is a jewel, you will laugh, cry, and fall deeply in love with every animal in this beautifully written book."

-Dr. Linda Bender, Wildlife DVM
